

#### PREAMBLE

Believing that the right of those who toil to enjoy to the full extent the wealth created by their labor is a natural right, and realizing that under the changing industrial conditions incident to the enormous growth of syndicates and other aggregations of capital it is impossible for those who toil to obtain the full reward of their labor other than through united action; and recognizing the fact that those who toil should use their rights of citizenship intelligently, through organizations founded and acting along co-operative, economic and political lines, using the natural resources, means of production and distribution for the benefit of all the people, with the view of restoring the commonwealth to all those performing useful service to society;

Now, therefore; We, the International Association of Machinists and Aerospace Workers, pledge ourselves to labor unitedly in behalf of the principles herein set forth, to perpetuate our Association on the basis of solidarity and justice, to expound its objects, to labor for the general adoption of its principles, to consistently endeavor to bring about a higher standard of living among the toiling masses.
